Large Print Christmas Word Search for Adults & Seniors

Pulled from three different sections of the book: Christmas Morning, The Christmas Kitchen and Santa's Workshop.

BEFORE YOU START

1. Print at Actual size, not Fit to page, so the letters stay large.
2. Look in every direction. Words run across, down and diagonally, and about half read backwards.
3. Every puzzle ends with a Christmas Memory Question. Think it over, or ask it out loud.
4. The answers are on the page after the puzzles.
